

Udyogi UD 71 Safety Goggle

Features

- Frameless polycarbonate safety eyewear.
- Weight 23 gm.
- Lenses are optical Class-I and impact resistant to level F.
- Scratch-resistant coating on lens.
- 99.9% UV protection.
- Meets or exceeds EN 166:2001 with CE marked.
- IS 5983:1980 certified Meets high impact requirements of ANSI Z87.1-2003.

Udyogi UD 81 Safety Goggle

Features

- Frameless polycarbonate safety eyewear with wrap around design.
- Scratch-resistant coating on lens.
- Lenses are impact resistant to level F.
- Lenses are optical Class-1.
- 99.9% UV protection.
- Meets or exceeds EN 166:2001 with CE marked.
- IS 5983:1980 certified Meets high impact requirements of ANSI Z87.1-2003.

Udyogi UD 91 Safety Goggle

Features

- Frameless polycarbonate safety eyewear with wrap around design.
- Light weight
- Lenses are impact resistant to level F
- Excellent fitting
- Lenses are optical Class-1.
- Scratch-resistant coating on lens
- 99.9% UV protection
- Modern temple design contours to fit head shapes without stress
- Meets or exceeds EN 166:2001 with CE marked.
- IS 5983:1980 certified Meets high impact requirements of ANSI Z87.1-2003.

Udyogi UD 90 Safety Goggle

Features

- Brow guard temple with polycarbonate lens
- Incredibly light, resilient & durable protective eyewear for all day wear

Venus G-103 Over Spectacles

Features

- Over the spectacle polycarbonate safety eyewear
- Lenses are impact resistant to level F
- Integral ventilated side shield protection
- Anti scratch resistant
- 99.9% UV protection
- Meets EN 166:2001
- Meets high impact requirements of ANSI Z87.1-2010

Venus G-403 CHC AF

Features

- PC single molded lens
- For firmer built
- Dielectric safety glasses
- Metal-free hinges
- Maintains shape
- Flexible yet shape does not get distorted
- Light weight and comfortable
- Streamlined and modern style
- Standard compliant
- Complies with all standards
- Ventilated temples
- Provides exceptional ventilation
- Protection against dust, impact of external particles, blunt force or pointed objects
- Products Physical Information Max. Weight : < 25 Gms
- VENUS G-403-CHC-AF IS 5983 & ANSI Z87.1 approved Eye Glasses

UVEX Skylite Spectacle 9174 865 Anti fog

Features

- material: PC
- thickness: 2,1
- filtre: 2-1,2 according to DIN EN 170

- coating:Supravision HC - AF
- color:clear
- optical class: 1
- impact resistance:F [160km/hr] according to EN 166
- Ergonomical design
- Impact protection up to grade F
- Integrated brow, side and cheek guards
- Extremely simple lens replacement
- Good field of vision

Uvex Ultra Sonic Antifog Goggle

Features

- Panoramic lens shape allows 180° uninterrupted lateral vision
- Medium-energy impact 'B' (120 m/s)
- Integrated, indirect ventilation allows air movement directly across the lens
- Fits comfortably over most prescription spectacles
- Simple lens replacement
- High-quality, easily adjustable headband
- Material: PP, TPE
- Colour: orange/grey
- Material: synthetic head-band

- Colour: orange/grey
- Adjustment: individually adjustable
- Material: PC
- Thickness: 2, 2 mm
- Marking: 2-1, 2 according to DIN EN 170
- Coating: supervision NC
- Colour: clear
- Optical class: 1
- Impact resistance: B [120 m/s] according to DIN EN 166
- 2.3 Weight: 80 grams
- 2.4 Standards: EN 166 +DIN EN 170

Welding Goggle

Features

- Best used for Light and medium Gas welding & cutting, Torch brazing, spot welding, soldering, welding observation etc.
- Welding application (up to DIN 5 application)
- Standard: EN 166, EN 169, EN 170, ANSI Z87.1
